

Seattle Pacific University 2023 Endowment Report

Seattle Pacific University's Endowment

SPU's Endowment consists of donations and institutional funds permanently invested to produce a dependable stream of annual operating income for the University. The Seattle Pacific Foundation is tasked with the important job of managing and investing the endowed funds. The National Association of College and University Business Officers-TIAA Study of Endowments ranked SPU #1 out of 660+ participants in fiscal year 2023 based on its 10-year net return. In addition, we were ranked 4th in our 3-year and 4th in our 5-year net returns. As you can see on the Investment Performance chart below, the University's endowment pool has consistently outperformed its benchmarks. These achievements demonstrate the Seattle Pacific Foundation's exceptional management of the SPU Endowment and a solid basis for donor confidence.
